

A Venture by Airline Pilots
to create New Airline Pilots

**Training for the Real world of
Professional Aviation Industry!!**

**GIVE WINGS TO YOUR DREAMS
WITH 70 KNOTS AVIATION !!**

About Us

70 Knots Aviation is a Pilot Training Institute which deals with flight crew to clear up the DGCA CPL/ATPL Examinations. We have been serving since 2015 and have been assisting students to make the right choices while in pursuit to qualify for DGCA CPL/ATPL Examinations at a competitive level in India. Our management comprises of Pilots and Aviation professionals.

Our constantly updated network of world class institutes combined with state of the art technology deliver best education to dedicated aspirants who get placed in major airlines in both India and abroad. Our Instructors have worked & undergone specialized training at various airlines that helps us give students guidance based on hands on experience.

With strict ethical & moral values, our mission is to help students study with high class standards so that they get the best exposure and environment to learn from the instructors and come out with flying colors.

Meet Our Instructors

Capt. Singh

He started the institute in 2015, with the dream of imparting crucial knowledge to the upcoming future pilots of India. A decade ago, the infrastructure of Aviation Institutes was not properly organized and he had to face many challenges because of it. He decided to eliminate that problem by providing a well-organized aviation ground school setup so that the upcoming future aviators can be benefitted. Since then he has successfully imparted valuable knowledge in more than 1000 aviation aspirants. Most of them have also been placed in leading airlines in India. He is also flying with a leading airline and provides the hand on cockpit experience to students studying at ground school.

Capt. Bhardwaj

He has been one of the pillars of the company, having a teaching experience of more than 5 years he holds the expertise in all the CPL/ATPL subjects. He has an experience of flying more than 4 Aircrafts on both single and multi-engines including Beechcraft Baron 58 and Boeing 737. He has designed the notes in such a manner that it is extremely convenient for the students to understand the concepts and practice important DGCA questions. His efforts and zeal has resulted in a near 100% result of our institute and students have been able to grasp the important knowledge which will help them shape their future with ease. He is also flying with a leading airline and provides the hand on cockpit experience to students studying at ground school.

AIR INDIA
express

Capt. Jaiswal

He has been actively involved in teaching for the past 3 years and is committed to nurturing and guiding aspiring pilots, imparting his vast knowledge and helping students achieve their aviation dreams. He is also one of the main pillars and the driving force behind our each success.

He holds an expertise in CPL/ATPL subjects and Airline Preparation which has helped many of our students clear DGCA exams with flying colors. He has an experience of flying 4 aircrafts which also includes Airbus 320 and Beechcraft Baron 58. He is also flying with a leading airline.

FAQs

What does 70 KNOTS AVIATION do?

70 KNOTS AVIATION is a leading aviation organisation primarily based in New Delhi with wide range of expertise on commercial pilots training.

Why do I choose 70 Knots Aviation?

We understand the aviation industry well and ensure quality and excellence in commercial pilot training to our aspiring future pilots. Our result in both DGCA On Demand and Regular attempts is a testimony of that.

What is the average duration of the Training?

Average time to complete the ground school is 5-6 months. Thereafter flying training takes around 10-12 months. A cadet can achieve the commercial pilot license within 18-20 months if he/she is consistent and disciplined.

What is the minimum age to start your pilot career?

You can start your aviation career at the age of 16, but you should be minimum 18 years old by the time you get your Commercial Pilot License.

Does 70 Knots Aviation offers a job after training with them?

We provide job assistance to all our students. The preparation and important information about job is shared by us. This year, so far more than 300 candidates have been placed in Airlines with the help of our assistance.

What differentiates 70 KNOTS AVIATION from other aviation schools?

Fundamentally, we keep a batch of around 15-20 students so that we can provide individual attention to each student. We make sure that students not only get in depth knowledge but also achieve great results as well. Our Question banks and Test Papers are extracted from latest DGCA papers which gives our students a cut above the rest.

What are the requirements to begin your pilot career?

The key requirement to become a pilot is 10+2 with physics & maths and DGCA medicals. In case you do not have physics and maths in 10+2 you can still become a pilot by giving physics and maths exam from NIOS.

Is graduation mandatory to become a pilot?

There is no requirement laid down by airlines for pilots to be graduates, but it is highly beneficial in the long run. You can do graduation from open universities alongside your flying to save time. Our team of experts provide full assistance for graduations as well.

Are DGCA medical exam very tough?

The medical examination is a general body check-up comprising of blood tests, eye tests, ENT etc. There is a misconception that DGCA medicals are as strict as SSB and Air Force Medicals but that is not the case. You can check DGCA CAR Section 7 on their website for more details.

PROGRAMS

DGCA CPL Ground Classes

- ✈ Air Navigation
- ✈ Aviation Meteorology
- ✈ Air Regulation
- ✈ Radio Telephony
- ✈ Technical General
- ✈ Duration : 5 - 6 months

DGCA ATPL Ground Classes

- ✈ Air Navigation
- ✈ ATPL Oral Interview Preparation
- ✈ Air Meteorology
- ✈ Duration : 45 days
- ✈ Radio Navigation & Instruments

Other Courses

- ✈ B737/A320/ATR 72 Type Rating
- ✈ B737/A320 Pre & Post Type Rating Session
- ✈ Airline Preparation Crash Course
- ✈ Compass/Adapt Test Preparation
- ✈ Psychometric Exam Preparation
- ✈ Cadet Pilot Preparation

What We Offer -

- ✈ Complimentary Study materials.
- ✈ Result & Knowledge oriented ground classes
- ✈ Guaranteed Computer Number
- ✈ Full assurance of all your exams.
- ✈ Question banks with DGCA previous attempt questions.
- ✈ Fast and Efficient Flight Training as per DGCA Standards.

Steps

1. Apply for 10th & 12th Board Verification
2. Class I/II Medical
3. Apply for Computer Number
4. Clear DGCA Papers
5. Flying 200 Hours
6. Submit all Docs to EGCA & get your CPL
